MEMORANDUM FOR THE CHIEF COUNSEL

Subj: Grounding of SS CAROLINIAN in Delaware River, 30 May, 1943

1. Reference is made to your memorandum of 16 August, 1944 re the subject marine casualty, in which it is requested that the Intelligence Division conduct an investigation in an effort to fix the responsibility for the changed position of the buoy which figured in the accident.
2. It is regretted this division is unable to be of assistance in connection with the subject casualty as it appears that this case is one in which the investigative responsibility is vested in Marine Inspection personnel and which under the Coast Guard organization plan is outside the jurisdiction of the Intelligence Division.
