Captain of the Port Office.

2nd Indorsement.

Tampa, Fla.
4 June 1942

In company with Mr. H. Brown, Thuro Radio Company representative, I boarded subject vessel at 9:30 AM this date. An inspection of the radio equipment revealed that all equipment functioned normally. An inexperienced operator is on this vessel and it was through this lack of experience that he was unable to operate the equipment. He was instructed in the operation of the equipment and he now appears to be able to operate it in a satisfactory manner. Sealed the radio room door with one tyden seal All710 at 10:30 AM this date.
