FEJIWE GARCIA Continuous Discharge Book 13151 threatened life of crew members of the SS KATRINA LUCKENBACH by engaging in knife fight. Large part of crew threatened to walk ashore unless he was removed. Julian EUGSTER 189584 broke into the USN arms locker and stole revolver and admitted he intended to kill GARCIA. EUGSTER frequently impersonates USN enlisted men. John S. LEKRY, 247881, paid off by William Cody Workaway on K. Luckenbach considered an agitator and attacked another seaman with dangerous weapon. All three removed from ship. GARCIA under company bonds. Other three in USN protective custody by request of American Consul. All awaiting repatriation.
